

# LLumar Architectural Films

## Architectural Film Limited Warranty

LLumar® Architectural Films are among the world's best. Installation is in accordance with the highest standards. Accordingly, your LLumar® Authorised Installer warrants this film for a period of years (see below) from the date of installation when properly installed in accordance with manufacturer's specifications and to maintain its properties without crazing, cracking, peeling, blistering, bubbling, or delaminating from the glass.

If the film fails to comply under recommended use and maintenance within the warranty period, the purchaser may obtain replacement from the LLumar® Authorised Installer. This warranty does not cover fitness for purpose, suitability of product or installation method, compliance with laws and safety considerations, aesthetic properties or defects which are not visible from over 3m in a normal viewing position under normal day light conditions.

The obligation of the LLumar® Authorised Installer under this warranty is limited to replacement of product not conforming to the warranty. Proof of purchase will be required by the LLumar® Authorised Installer to substantiate any warranty claim s.

The remedies in this warranty shall be the only remedies available against your LLumar® Authorised Installer and any liability for consequential loss, indirect damage, loss of use of property and the like as a result of a defect in the product is excluded.
